

# Elsbree St. Morning Student Drop-off Pattern

We are implementing a new morning traffic pattern in order to alleviate some of the traffic delays in the morning on Elsbree St. We are asking that any cars dropping off or entering the Field House or Main entrance between 7:20 and 8:00 AM use the far North Field House Parking entrance closest to the tennis courts. All cars will enter and exit at that location only. There will be a separate entrance for buses only.

We ask that this new traffic flow be followed to help expedite the arrival of all students to school on time!
